

High Pressure Cleaner

Hot water, stationary, oil heated - Series HSC HSC1140

	Туре		HSC1140	HSC1140-INOX
Max. pressure 200bar/20MPa Max. pressure 200bar/20MPa Discharge capacity 300-1000l/h Nozzle size 055 Hot water capacity 30-98°C Pump speed 1400rpm Connected load 6,5kW/11,7A Electrical protection 3x16A slow-blowing Weight net/with package 301kg/318kg Dimensions device/with package (LxWxH) 1220x755x1625mm/1250x815x1755mm Self-supporting, robust, device-chassis made from galvanized steel and powder-coated (option INOX: device-chassis made out of stainless-steel), suitable for floor installation, triplex-piston pump with brass pump head, nickel plated, high-performance ceramic piston, stainless-steel valves, leakage-return, Etronic II - controls: (start-stop system with switch-off delay, toal-switch-off after 20min, OPH-counter with service information, optical flame monitoring with photoelectric cell and fault indicator-light) 2 motors system (independent of the direction of rotation) separately for H.P-Pump and heating, unloader safety-valve c/w Infinitely variable pressure and quantity regulation, integrated diesel-tank 60l, seperatee space for 2 x 20l cleaning detergent-container c/w Remote activation,	Voltage	3/PE/AC/50Hz/415V	 10m HP-Hose DN08 - 315bar Trigger-Gun with swivel Spray-Lance 900mm c/w Nozzle- Protection Stainless-Steel Jet-Nozzle 25° Water-Supply separation acc. water reg. Chemical supply in high-pressure Jet 	 Etronic II - Controls
Max. pressure 2000a1/20MPa Discharge capacity 300-1000l/h Nozzle size 055 Hot water capacity 30-98°C Pump speed 1400rpm Connected load 6,5kW/11,7A Electrical protection 3x16A slow-blowing Weight net/with package 301kg/318kg Dimensions device/with package (LxWxH) 1220x755x1625mm/1250x815x1755mm Self-supporting, robust, device-chassis made from galvanized steel and powder-coated (option INOX: device-chassis made out of stainless-steel), suitable for floor installation, triplex-piston pump with brass pump head, nickel plated, high-performance ceramic, piston, stainless-steel valves, leakage-return, Etronic II - controls: (start-stop system with switch-off delay, total-switch-off after 20min, OPH-counter with service information, optical flame monitoring with photoelectric cell and fault indicator-light) 2 motors system (independent of the direction of rotation) separately for H.PPump and heating, unloader safety-valve c/w Infinitely variable pressure and quantity regulation, integrated diesel-tank 60l, seperatee space for 2 x 20l cleaning detergent-container c/w Remote activation,	Operating pressure	30-180bar/3-18MPa		
Discharge capacity 300-1000l/h Nozzle size 055 Hot water capacity 30-98°C Pump speed 1400rpm Connected load 6,5kW/11,7A Electrical protection 3x16A slow-blowing Weight net/with package 301kg/318kg Dimensions device/with package (LxWxH) 1220x755x1625mm/1250x815x1755mm Self-supporting, robust, device-chassis made from galvanized steel and powder-coated (option INOX: device-chassis made out of stainless-steel), suitable for floor installation, triplex-piston pump with brass pump head, nickel plated, high-performance ceramic piston, stainless-steel valves, leakage-return, Etronic II - controls: (start-stop system with switch-off delay, total-switch-off after 20min, OPH-counter with service information, optical flame monitoring with photoelectric cell and fault indicator-light) 2 motors system (independent of the direction of rotation) separately for H.PPump and heating, unloader safety-valve c/w Infinitely variable pressure and quantity regulation, integrated diesel-tank 60l, seperatee space for 2 x 20l cleaning detergent-container c/w Remote activation,	Max. pressure	200bar/20MPa		
Nozzle size 055 Stainless-Steel Jet-Nozzle 25° Nozzle-Protection Hot water capacity 30-98°C Water-Supply separation acc. water reg. Stainless-Steel Jet-Nozzle 25° Pump speed 1400rpm Chemical supply in high-pressure Jet c/w Metering-valve Nozzle-Protection Connected load 6,5kW/11,7A Chemical supply in high-pressure Jet c/w Metering-valve Chemical supply in high-pressure Jet c/w Metering-valve Weight net/with package 301kg/318kg 300kg/317kg Dimensions device/with package (LxWxH) 1220x755x1625mm/1250x815x1755mm 1220x755x1625mm/1250x815x1755mm Self-supporting, robust, device-chassis made from galvanized steel and powder-coated (option INOX: device-chassis made out of stainless-steel), suitable for floor installation, triplex-piston pump with brass pump head, nickel plated, high-performance ceramic piston, stainless-steel valves, leakage-return, Etronic II - controls: (start-stop system with switch-off delay, total-switch-off after 20min, OPH-counter with service information, optical flame monitoring with photoelectric cell and fault indicator-light) 2 motors system (independent of the direction of rotation) separately for H.PPump and heating, unloader safety-valve c/w Infinitely variable pressure and quantity regulation, integrated diesel-tank 60l, seperatee space for 2 x 20l cleaning detergent-container c/w Remote activation,	Discharge capacity	300-1000l/h		 Spray-Lance 900mm c/w Nozzle-Protection Stainless-Steel Jet-Nozzle 25° Water-Supply separation acc. water reg. Chemical supply in high-pressure Jet
Not water capacity 30-90 C Pump speed 1400rpm Connected load 6,5kW/11,7A Electrical protection 3x16A slow-blowing Weight net/with package 301kg/318kg Dimensions device/with package (LxWxH) 1220x755x1625mm/1250x815x1755mm Self-supporting, robust, device-chassis made from galvanized steel and powder-coated (option INOX: device-chassis made out of stainless-steel), suitable for floor installation, triplex-piston pump with brass pump head, nickel plated, high-performance ceramic piston, stainless-steel valves, leakage-return, Etronic II - controls: (start-stop system with switch-off delay, total-switch-off after 20min, OPH-counter with service information, optical flame monitoring with photoelectric cell and fault indicator-light) 2 motors system (independent of the direction of rotation) separately for H.PPump and heating, unloader safety-valve c/w Infinitely variable pressure and quantity regulation, integrated diesel-tank 60l, seperatee space for 2 x 20l cleaning detergent-container c/w Remote activation,	Nozzle size	055		
Pump speed 1400rpm Connected load 6,5kW/11,7A Electrical protection 3x16A slow-blowing Weight net/with package 301kg/318kg Dimensions device/with package (LxWxH) 1220x755x1625mm/1250x815x1755mm Self-supporting, robust, device-chassis made from galvanized steel and powder-coated (option INOX: device-chassis made out of stainless-steel), suitable for floor installation, triplex-piston pump with brass pump head, nickel plated, high-performance ceramic piston, stainless-steel valves, leakage-return, Etronic II - controls: (start-stop system with switch-off delay, total-switch-off after 20min, OPH-counter with service information, optical flame monitoring with photoelectric cell and fault indicator-light) 2 motors system (independent of the direction of rotation) separately for H.PPump and heating, unloader safety-valve c/w Infinitely variable pressure and quantity regulation, integrated diesel-tank 60l, seperatee space for 2 x 20l cleaning detergent-container c/w Remote activation,	Hot water capacity	30-98°C		
Connected load 6,5kW/11,7A c/w Metering-value Electrical protection 3x16A slow-blowing anticle content of the direction of rotation, optical flame monitoring with photoelectric cell and fault indicator-light) 2 motors system (independent of the direction of rotation) separately for H.PPump and heating, unloader safety-value c/w Infinitely variable pressure and quantity regulation, integrated diesel-tank 60l, seperatee space for 2 x 20l cleaning detergent-container c/w Remote activation,	Pump speed	1400rpm		
Weight net/with package301kg/318kg300kg/317kgDimensions device/with package (LxWxH)1220x755x1625mm/1250x815x1755mm1220x755x1625mm/1250x815x1755mmSelf-supporting, robust, device-chassis made from galvanized steel and powder-coated (option INOX: device-chassis made out of stainless-steel), suitable for floor installation, triplex-piston pump with brass pump head, nickel plated, high-performance ceramic piston, stainless-steel valves, leakage-return, Etronic II - controls: (start-stop system with switch-off delay, total-switch-off after 20min, OPH-counter with service information, optical flame monitoring with photoelectric cell and fault indicator-light) 2 motors system (independent of the direction of rotation) separately for H.PPump and heating, unloader safety-valve c/w Infinitely variable pressure and quantity regulation, integrated diesel-tank 60l, seperatee space for 2 x 20l cleaning detergent-container c/w Remote activation,	Connected load	6,5kW/11,7A		
Dimensions device/with package (LxWxH) 1220x755x1625mm/1250x815x1755mm 1220x755x1625mm/1250x815x1755mm Self-supporting, robust, device-chassis made from galvanized steel and powder-coated (option INOX: device-chassis made out of stainless-steel), suitable for floor installation, triplex-piston pump with brass pump head, nickel plated, high-performance ceramic piston, stainless-steel valves, leakage-return, Etronic II - controls: (start-stop system with switch-off delay, total-switch-off after 20min, OPH-counter with service information, optical flame monitoring with photoelectric cell and fault indicator-light) 2 motors system (independent of the direction of rotation) separately for H.PPump and heating, unloader safety-valve c/w Infinitely variable pressure and quantity regulation, integrated diesel-tank 60l, seperatee space for 2 x 20l cleaning detergent-container c/w Remote activation,	Electrical protection	3x16A slow-blowing		
Self-supporting, robust, device-chassis made from galvanized steel and powder-coated (option INOX: device-chassis made out of stainless-steel), suitable for floor installation, triplex-piston pump with brass pump head, nickel plated, high-performance ceramic piston, stainless-steel valves, leakage-return, Etronic II - controls: (start-stop system with switch-off delay, total-switch-off after 20min, OPH-counter with service information, optical flame monitoring with photoelectric cell and fault indicator-light) 2 motors system (independent of the direction of rotation) separately for H.PPump and heating, unloader safety-valve c/w Infinitely variable pressure and quantity regulation, integrated diesel-tank 60l, seperatee space for 2 x 20l cleaning detergent-container c/w Remote activation,	Weight net/with package		301kg/318kg	300kg/317kg
stainless-steel), suitable for floor installation, triplex-piston pump with brass pump head, nickel plated, high-performance ceramic piston, stainless-steel valves, leakage-return, Etronic II - controls: (start-stop system with switch-off delay, total-switch-off after 20min, OPH-counter with service information, optical flame monitoring with photoelectric cell and fault indicator-light) 2 motors system (independent of the direction of rotation) separately for H.PPump and heating, unloader safety-valve c/w Infinitely variable pressure and quantity regulation, integrated diesel-tank 60l, seperatee space for 2 x 20l cleaning detergent-container c/w Remote activation,	Dimensions device/with package (LxWxH)		1220x755x1625mm/1250x815x1755mm	1220x755x1625mm/1250x815x1755mm

Art. No.
